Dear Gerry, 11/22/93

Sounds like it was good and pleasant at the same time.

The FBI man's sending his class is interesting. Maybe Dennis will hear more about that later. So is it that some of his colleagues were there.

Posner had been and will be a force for evil. All are going all out for him to cover themselves and their records.

And because they want his lies believed.

I do not believe that stuff on the bullets being unscratched after hitting bone, I address that differently in Never Again!

You all have papers to correct this week!

I've not stayed up for any of the TV garbage. I hope to get transcripts to read and file.

The Final Indignity sounds good but I hope you inlcude the uses made of his evil. That reached many more people than the book. Or is that the CBS show?

Marita was a bad girl, huh?

The Babushka lady of the other extreme?

Best to all,

Hardy
